BENEFITS OF SHUTTERS

Shutters and Blinds and the widest choice of shutter materials, styles, options and colors available.

Designed to your exacting requirements, Interior shutters will accentuate your windows and doors perfectly, offer a superior window covering and provide an outstanding array of unique benefits.

Ultimate light control

Each panel can be independently adjusted to temper the light and provide outstanding light control.

Supreme privacy

Shutter panels can be divided into independently controlled sections allowing natural light in but keeping unwelcome ~~sunlight out~~

Insulating and economical shutters not only keep you cool during the summer, but help retain heat during the winter.

Sound insulation

Adding an additional layer to your glazing, shutters not only block out light but help reduce noise levels too, making them ideal for homes near busy roads.

Awkward shapes

Shutters are possibly the only window furnishing that can be manufactured to suit all window shapes, no matter how curved or angled, small or large

Low maintenance shutters are quick and easy to clean and offer a virtually maintenance-free existence - excellent for dust allergy sufferers.

WHAT SETS SHUTTERS APART

As demonstrated here, shutters are more than just a window covering. They are a lifestyle feature, designed to function around your needs. This bi-fold track system provides complete privacy when shut, split privacy to let the light in or can be opened completely.

SHUTTERS MORE VERSATILE THAN ANY OTHER WINDOW COVERING

“ Take control of your surroundings, with functional style and privacy ”

SHUTTER STYLES

have the perfect solution for any room. No matter the size or shape of your windows, made-to-measure shutters come in a wide range of styles to suit every room.

† **FULL HEIGHT**
Covering the full height of the window, this is our most popular and flexible installation style.

† **FULL HEIGHT**
Full height shutters provide beautiful symmetry with a clean and sophisticated look.

↔ **CAFÉ STYLE** ↔
Maximise light whilst providing privacy. With the top of the window un-shuttered, Café style shutters are ideal for ground level windows and town houses.

↔ **TIER-ON-TIER** ↔

Independent panels top and bottom give greater adjustability to make the most of light, the view or provide you with privacy.

SHUTTER STYLES TO SUIT ALL ROOMS

◀ SQUARE BAY ▲

Dating back to the medieval times and more recently Victorian architecture, bay windows hold a continuous appeal and are a quintessential window style. No matter the size or complexity of your bay window, range of made-to-measure window shutters offer the perfect window covering for all bay windows.

▲ **BI-FOLD** ⇄

Bi-fold tracked shutters work well in conjunction with bi-fold doors, allowing you to concertina large runs of shutters out of the way and bring the outside in.

TRACKS & WARDROBES

⇄ **WARDROBE**

The robust nature of shutters and their high quality finish provides a fantastic solution for wardrobe doors. Solid panels, solid bases and fixed louvres can be specified to meet your aspirations.

BY-PASS

Sliding doors, room dividers or simply a privacy screen, our By-pass system provides an excellent solution.

SOLID PANEL

Solid shutters have been used for more than 200 years and provide a more traditional finish to your window.

FRENCH DOOR & SOLID PANEL SHUTTERS

FRENCH DOORS t

Due to the bespoke nature of our products, we are able to create cut-outs around your door handles to suit each bespoke installation.

MADE-TO-MEASURE SOLUTIONS TO SUIT ANY WINDOW SHAPE & SIZE

Even the most unusual window shapes can be catered for within the shutter range. Most popular styles include arches, circles and gable installations.

CURVED

Shutters can be designed to match almost any radius allowing you to enjoy your architecture whilst enjoying the light.

ANGLED ↗

Ideal for gables or awkward, angled windows, shutters provide an effective solution where many window coverings fail.

LOUVER SIZES

The right choice of louver size is essential to creating the perfect look. We offer 3 main louver sizes depending on the shutter range chosen. When choosing your louver you'll need to decide which size best suits your window while allowing the louvers to be opened without making contact with your window/furniture, with larger louver sizes requiring more room to open.

COLORS AND STAINS

Unlike cheaper imitations, all shutters are given 6 coats of paint or stain to give a tough, lustrous finish and to help prevent fading the final layer is UV protected.

CUSTOM COLOR

Our custom color option enables us to offer you virtually any color finish you require and we can match the leading paint companies colors.

COLOR RANGE

A full color palette, utilising some of the most popular and en-vogue colours in the market place. However, should you not find the color that you desire, then we also offer a custom colour match service, providing a perfect match to any interior.

THE MARK OF QUALITY

BUILT TO PERFECTION GUARANTEED TO LAST

Using unique production methods, such as transverse multi-ply stiles, we can ensure that shutter panels are unlikely to bow or warp. And for added strength we use only mortise and tenon joints. This also helps to minimise any

panel movement which may cause hairline cracking of paint finishes at the joint.

For further protection, we also engineer the shutter panels with a grooved overlap to mask and absorb any joint expansions.

“Where expectations are realised every step of the way”

Sunshade factory shutters and blinds are made to the highest standards and therefore we're proud to offer 1 year's guarantee on our blinds and 3 year's guarantee on our shutters to help safeguard your investment and provide you peace of mind.
